12. Catapult Launch Glider
13. Towline Glider

## **Additional Special Events**

1. Comet Phantom Fury Mass Launch single flight
2. Compressed Air (under 2000 Rulebook rules)
3. ½ A FF Texaco Scale (a Southern California club event)
4. Tomboy event (maybe—maybe not)

### Notes:

- a. Classic Wakefield will not be flown. This is a scorekeeping contest based on results obtained over the course of a year.
- b. I expect that one of the current electric Wakefield events will be “voted out” by the membership in Spring 2009, so will substitute Speed 400 in its place.
- c. Note that I have listed both the FF Fuel Allotment basic event and the FF Special Texaco event. I don't know if we'll fly both of them, but the West Coast guys would like to.
