

SKYSCRAPER ANNUAL HELD JUNE 21-22, 2014

Dear Free Flight friends,

Here are the results of the Skyscraper Annual held June 21-22, 2014. AMA sanction number 1097. The weather was sunny, warm, and calm both days, with little drift. One highlight is the re-emergence of gas fliers Ron Mongres (with his first win in classic gas) and Drake Hooke, so that along with Clarke Darling, Gene Paillet, and Al Vollmer, we have a more substantial presence in Free Flight Gas. Another highlight is the dominance of Carrol Allen, winning both Coupe (F1G), with a max-out, and Wakefield (F1B), just one second ahead of Tom Vaccaro. Bob Sifleet maxed out to win F1H, and Igor Fradkin came from behind to win Nordic (F1A). Yuda Avla won E-36 in a flyoff against Dick Ivers. Larry Pelatowski maxed-out to win P-30. Bob Sifleet's grandson Joel Yuri flies well in F1A and F1Q, with an especially good performance in Electric (F1Q), as second overall and top Junior.
